

**THE BLOOM ACADEMY**  
ALWAYS LEARNING

## IGNITE YOUR CHILD'S LEARNING SUCCESS

### Supporting your child's learning style

We recognize that each learner is unique, with different learning styles and instructional needs.

Each student's individual learning goals are designed to lead them to learning success.

### Small class sizes

Children learn best by doing and interacting with their peers and teachers. Our small class sizes allow for hands-on learning with our Project-Based Learning approach.

### Expert Teachers

Our team of experienced educators are dedicated to the success of each student. We build strong relationships with the students to support meaningful classroom engagement.

## About Us

The Bloom Academy is an inclusive, non-profit school, catering to all kinds of learners, from highly capable to neurodivergent students. Our small class sizes, individual learning goals, and learner-friendly strategies allow students to flourish and succeed in a highly supportive environment!

## OUR CLASSES

### Kindergarten+Plus

A unique program designed especially for 5- and 6-year-olds. This inclusive class welcomes neurotypical, neurodiverse, and highly-capable learners. *9:00am - 2:00pm, Mondays - Fridays*

### 1st/ 2nd Grade

This program welcomes learners at the start of their elementary school journey. We focus on early literacy and math skills, incorporating social and emotional learning, and introducing Project-Based learning experiences. *8:30am - 2:00pm, Mondays - Fridays*

### 3rd/ 4th Grade

In this mixed-grade classroom we build upon the literacy and math skills of the previous grades, and extend the Project-Based Learning to allow for the application of learned skills. Additionally, science, history, civics, creative art, and life skills are incorporated into the curriculum. *8:30am - 2:00pm, Mondays - Fridays*

### 5th/ 6th Grade

Our 5th and 6th graders mature as competent and active learners using and expanding on the skills and knowledge gained in the lower grades. A continued focus on fluent reading and writing skills supports the students' success in Project-Based Learning. *8:30am - 2:00pm, Mondays - Fridays*

### 7th/ 8th Grade

These middle school grades focus on the continued development of learning approaches, fostering independence, creativity, and critical thinking. Students begin to prepare for their upcoming high school experience with attention placed on time and task management, organization, leadership skills, and creating goals for success.

Academic achievement in core subjects is promoted using Project-Based Learning. *8:30am - 2:00pm, Mondays - Fridays*

**In all grades**, we guide and support children to develop their social skills, make and maintain friendships, and manage peer-group influences.

## What is Project-Based Learning?

Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects.

## BENEFITS OF PROJECT-BASED LEARNING

1. Enhanced critical thinking

2. Improved collaboration skills

3. Real-world application of knowledge

4. Increased student motivation

5. Promotes life learning
