Hello!

I have been in the education field for the past twenty years working with children of all different ages. I am passionate about the impact we can make on children and their families.

I started my education journey as a kindergarten teacher after earning my bachelor's and teaching degree from the University of Washington. I shortly afterwards was promoted to a director position of an early learning center leading schools in Bellevue, Woodinville, and Everett. After many years leading schools, I came to Bloom Early Education to join the primary program as a teacher again. Then, I joined the board of The Bloom Academy to help create our amazing school.

In my free time, I enjoy spending time with my family and friends. I love being outdoors hiking, walking or paddleboarding. I am an avid reader and love to share my passion for books with children. I also relax with yoga, meditation, and cat puzzles.

In my role as The Head of School, I am here to support the children, families, and teachers. I believe in teaching the whole child and making learning both meaningful and fun.

I am so excited to be a part of the children's learning journey here at The Bloom Academy.
