

SUMMER CAMPS 2026

Paper Arts Spectacular July 6th - 9th, 2026

Explore the versatility of paper through five techniques: origami & folding, paper cutting, 3D sculpture and quilling, papier-mâché, and collage and bookmaking.

Poetry Across Cultures July 20th - 23rd, 2026

Journey through global poetry traditions - Japanese haiku, Irish limericks, African oral poetry, Latin American corridos, and hip-hop/spoken word. Rhymes, rhythms, and beats!

Weather, Climate & Our Planet August 3rd - 6th, 2026

Become meteorologists and climate champions! Build weather instruments, understand climate science, explore global impacts, and most importantly - take action!

Move It! Fun, Fitness & Flow August 17th - 20th, 2026

A non-competitive movement camp celebrating all forms of activity: dance, yoga and mindfulness, obstacle courses, creative movement, and cooperative games. Focus on joy, personal progress, and body positivity.

Math Around the World July 13th - 16th, 2026

Explore mathematical innovations from five cultures: Ancient Egypt, Mayans, Persian Golden Age, China and Japan, and India & Africa. Enjoy hands-on activities that make math come alive.

Inner Space: Journey through the Human Body July 27th - 30th, 2026

A fascinating voyage through the body. Explore various body systems with hands-on experiments, model-building, and mind-blowing facts!

Time Travelers: Living History Through Drama August 10th - 13th, 2026

History meets theater! Travel through time and becoming historical figures during pivotal moments. From Ancient Greece to the Space Race, perform scenes, develop drama skills, and bring the past to life.

Weekly:

Mondays - Thursdays
9:00am - 2:00pm

Camp Details

Paper Arts Spectacular | July 6th - 9th, 2026

Explore the versatility of paper through five techniques: origami and folding, paper cutting (Wycinanki, Papel picado), 3-D sculpture and quilling, papier-mâché, and collage & bookmaking. Create 15-20 beautiful artworks using simple materials while learning cultural paper art traditions.

Math Around the World | July 13th - 16th, 2026

Explore mathematical innovations from five cultures: Ancient Egypt (pyramids & fractions), Mayan (base-20 & calendars), Persian Golden Age (algebra & geometric patterns), China and Japan (abacus & tangrams), and India and Africa (zero invention & fractals). Hands-on activities make math come alive through a cultural lens.

Poetry Across Cultures | July 20th - 23rd, 2026

Journey through global poetry traditions - Japanese haiku, Irish limericks, African oral poetry, Latin American corridos, and hip-hop/spoken word. Explore different poetic forms, perform with confidence, and celebrate poetry as universal human expression. End with a showcase where poems are shared in multiple styles.

Inner Space: Journey Through the Human Body | July 27th - 30th, 2026

Take a fascinating voyage through your anatomy. Explore a different body system (skeletal/muscular, circulatory, respiratory/digestive, nervous/senses, skin/immune) through hands-on experiments, model-building, and mind-blowing facts! Leave with an understanding of how your amazing body works.

Weather, Climate & Our Planet | August 3rd - 6th, 2026

Be a meteorologists and climate champion. Build weather instruments, understand climate science, explore global impacts, and most importantly - take action! Design projects like community initiatives, climate toolkits, and advocacy campaigns. Be the change!

Time Travelers: Living History Through Drama | August 10th - 13th, 2026

History meets theater! Travel through time, becoming historical figures and acting out pivotal moments. From Ancient Greece to the Space Race, perform scenes, develop drama skills, and bring the past to life.

Move It! Fun, Fitness & Flow | August 17th - 20th, 2026

A non-competitive movement camp celebrating all forms of activity: dance from around the world, yoga and mindfulness, obstacle courses, creative movement, and cooperative games. Focus on joy, personal progress, and body positivity.
